

BSOA GALLERIES

Layouts & Dimensions

Onions Gallery
 The Onions Gallery is the largest of our four galleries. It is approximately 60 feet by 30 feet and is extensively lit by high windows on the western side. With various moveable panels and podiums this gallery is versatile and lends itself to multi talented shows of all mediums. This gallery is also ideal for social events e.g. cocktail and/or dinner parties.

Studio A and B
 Two boutique galleries, Studio A and B have been added recently. Each gallery is approximately 14 feet by 15 feet and the panels that create the space can be rearranged to enlarge the Onions Gallery, or complement the other galleries by providing mini rooms for shows by up and coming artists looking for a more affordable studio.

Edinburgh Gallery
 The Edinburgh Gallery provides a more private environment for the single artist. This intimate gallery will support various moveable panels and podiums to enlarge the hanging space and create interesting displays.
